

## Juan Bio

Juan Moreno, Worship Leader"Only through the unfailing mercy of God and his persistent pursuit of me have I made it to this point in life. Although I was raised by wonderful parents who taught me well the things of God, I chose to spend many years pursuing the things of the world. Never abandoned by God or my parents, I eventually allowed myself to be rescued from that former life. Provided with a second chance, I spent two years falling in love with Jesus and being disciplined by the amazing men and women of the World Impact staff, primarily at the MorningStar Ranch near Florence, Kansas. Since completing a two-year program at the ranch, I have been actively seeking the Lord's will for my life. While still in the discernment process, I am blessed to be in a season of leading worship at The Journey.

I truly must thank the Lord, the Holy Spirit, for His never failing provision every Sunday. May we never, ever take for granted His workings or stop being dependent on his grace and provision."
